Helpful Packing Tips

Please use the above packing list only as a guide for helping you and your child pack for camp. You should take into account your own child's special needs when helping them pack for camp. Camp **is very informal**, so clothing packed should be comfortable and suitable for moving around and participating in lively activities.

When packing, please keep in mind:

- **Temperatures can vary greatly.** During the day it is typically very warm, but some nights are chilly.
- Please **LABEL all items with first and last name.** To order labels, visit camps.mabelslabels.com (and every order leads to a donation to TY).
- Laundry is sent out at least once during each two-week Bloc and is returned 2 -3 days later. Bring enough clothes for 12 to 14 days.
- **Think twice before bringing valuable items** you'd be afraid of losing or breaking. If necessary, valuables can be stored in camp's safe during the session (ex. money, passport). **ALL cell phones will be stored in the camp safe.**
- **Don't over pack, space is limited! Campers will each have their own three-shelf, wide cubby** to store all clothing and items. We highly recommend packing in duffel or similar soft bags that can be easily stored. Campers may not bring more than two bags, and bags will be expected to be fully unpacked upon arrival (not used as extra shelving) in order to keep the bunk organized and clean.
- While hammocks ("Enos") are permitted, please note that there are limited and designated places for them to be hung and are only to be used during camper free time.
- **Additional packing information for out-of-camp trips will be sent out separately.**
